

# MARCH 2023

Does early treatment with highly effective DMT improve prognosis for people with MS?

Welcome to the March newsletter. Apparently Spring has sprung, although you would not know it in the UK with wind, rain and blizzards! We had a great month of recruitment thanks to your efforts. The cute cat was delighted and prizes were awarded for final enrolments to the Observational Arm (see below). More prizes due for every 10th recruit until we close!

RCT ALL THE WAY NOW

65 more needed!

WELL DONE!!
